

Pre-Competition Rookie Team

Our new Rookie team is a pre-competitive team. This team is designed for dancers who want to start competing, dancers who are in a lot of other sports and activities or dancers who cannot prioritize 3-4 nights a week for dance. We know that many kids have many different commitments at this age but still want to dance. This is the perfect way to start competition dance!

One night is required. Dancers will have the option to dance a second night as well at no additional cost.

Dancers are not required to have any previous dance experience before joining. This is for dancers 4 and up. Dancers will compete at the intermediate level at the following competitions:

- Positive Vibes March 8-10
- Spotlight April 5-7

\$100 a month.

Classes Required for our Rookie Team
